WIND UP SESSION THIS WEEK

TAFT SIGNS STATEHOOD BILL TODAY—ALL REGULAR SUPPLY BILLS PASSED.

PRESIDENT TAFT CLAIMS MUCH

Postal Savings Bank Bill Still Is Before Senate, Which Rushes.

Washington, June 19.—Congressional leaders confidently expect to wind up the present session this week and adjourn not later than Saturday. If the session is carried beyond that time it will be because of amendments to the general deficiency bill or complications in connection with the omnibus public building bill. It is pointed out by republican leaders that there never has been a congress where a president has obtained the amount of legislation as has resulted from the demands of President Taft; starting in with a demand for revision of the tariff, he procured this at an extraordinary session. Then at the beginning of the present session he demanded railway legislation, a forward conservation policy, statehood for New Mexico and Arizona, postal savings banks and the regulation of injunctions.

Bills on all these subjects have passed both branches of congress, with the exception of the anti-injunction measure. That will have to wait until next session, but it is said

the prospects are good for its passage at that time.

All the regular supply bills have passed both houses except the general deficiency bill. That passed by the house Saturday and will be reported to the senate not later than Tuesday.

The postal savings bank bill is still before the senate. It came before the house in the form of an amended bill, and Senator Carter moved that the senate concur in the house amendments. Opposition developed and the motion has been debated intermittently since the bill returned from the house. President Taft approves the house bill and it seems reasonably certain that the senate will accept it.

The rivers and harbors bill is awaiting the president's signature, and he soon will have the omnibus public buildings bill. With both of these measures before him he is in a position to command that action be taken on such other legislation as he feels should be passed.

President Taft tomorrow will sign the statehood bill. It is likely there will be a number of claimants for the pen used in signing that historic instrument. President Taft probably will use two pens in approving the bill and give one to Delegate Andrews, representing New Mexico, and the other to Delegate Cameron, representing Arizona.

WILL INVADE CRUCE'S HOME

HON. WM. H. MURRAY ADDRESSES LETTER TO THE CITIZENS OF CARTER COUNTY.

Will Willing Divide Time With Lee Cruce and Requests a Respectful Hearing on the Questions for Which he (Murray) Stands.

Tishomingo, Okla., June 18.—Bill Murray intends invading Cruce's home and has addressed the following letter to the citizens of Carter county:

"Since under the direction of the Cruce Club of Ardmore, Professor J. G. Buchanan has spent several weeks making a 'gum shoe' campaign of my county, and since A. C. Cruce has come to this county to speak in the interest of his brother, and since the said A. C. Cruce, in various communities of your county, has falsified my record and my position upon public questions, I feel that I am fully justified in announcing that I will speak to such citizens of Carter county as desire to hear me in the city of Ardmore on Saturday, July 2nd, at 1:30 o'clock p. m.

"I request a respectful hearing at your hands upon the questions for which I stand in this campaign, and upon my part I shall willingly divide time with the Hon. Lee Cruce, or any other democratic candidate for governor, (but with no other person), and I beg of you to give me this candid hearing as citizens of Oklahoma who are interested in progressive reform, intelligent administration of public affairs and the enforcement of law.

"Do not let the plutocratic press, the grafters or pusillanimous politicians deceive you by telling you that I will not be present. I shall speak on July 1st in Love county at Bob at 2 o'clock p. m. and at Marietta that night, arriving in Ardmore on the 12 o'clock train ready for my speech the next day.

"When you have heard this discussion, I assure you you will be better prepared to make up your minds as to your choice between me and Lee Cruce in the primary on the 2nd day of August.

"From the homes of Oklahoma farmers will mark the destiny of the state—will determine which shall control, the progressive or the reactionaries. In the midst of a death struggle with the people on one side and the insidious interests on the other, assisted by a plutocratic press, and a gang of pusillanimous politicians, sustained by corrupt federal courts—farmers of Carter county, you can not afford to remain indifferent—come with your neighbors and let us reason together."

ROBERTSON WITH-DRAWS FROM RACE

Has Practically Spent the Entire Amount a Candidate Under the Law, \$3,000.

Chandler, Ok., June 18.—Judge J. B. A. Robertson of Chandler, who a few months ago resigned from the district bench to enter the race for the Democratic nomination for Governor, today formally announced his withdrawal from the race. The announcement is an address to the democrats of Oklahoma.

Judge Robertson declares that he has already expended practically the entire amount permitted a candidate for governor under the law, \$3,000, and that he would not violate the law to continue the campaign. He declares that he will be a candidate for Governor in the primary campaign four years hence.

5 KILLED; 27 HURT IN TWO WRECKS

EMIGRANT TRAIN COLLIDES WITH AN ENGINE AND FREIGHT JUMPS A CROSSING.

Second Section of Chicago Limited in Accident Near Norwich—Other Accident in New Orleans.

Norwich, N. Y., June 19.—A train loaded with emigrant sen route to the west, running as the second section of No. 5, the Chicago Limited on the Ontario and Western railway was wrecked sixteen miles south-east of this village at 2:15 o'clock this morning.

Three passengers were killed and twenty-five were injured.

The wreck occurred when the emigrant train crashed into a locomotive running light. The engineer and fireman of the train escaped serious injury.

The train was made up of eight coaches and an engine and carried 571 emigrants. It was running about thirty miles an hour up the heavy grade and the light engine, making about twenty-five miles, struck it head-on.

When the collision occurred the first passenger coach, an old one, immediately behind the engine, was crushed to pieces, the tender of the engine passing nearly half way through it.

All the injured were in this car. The other seven coaches of the train remain on the track.

Two Killed at New Orleans.

New Orleans, La., June 19.—Two men were killed and two others seriously injured when a freight train of the New Orleans Terminal company was derailed at Metairie crossing on the outskirts of the city this afternoon. The dead:

Joseph Gibson, brakeman.

G. J. Salaun, conductor.

The injured: Frank Calogne, engineer, severely scalded; Edward Gulleau, brakeman, badly bruised and possibly internally injured.

It is believed that a broken flange or a cattleguard was responsible for the derailment.

Wreck in France.

Ville Preux, France, June 19.—The casualty list of the collision here yesterday between the Cranville express and a local train standing at the station stands at nineteen dead and thirty injured. The wreckage caught fire after the accident and one of the trains was entirely consumed.

NO THIRD PARTY TALK

IDEA OF DIVISION HOOTED BY BOTH INSURGENTS AND REGULARS.

WOULD STRENGTHEN DEMOS

Next to "Progressives" Joining Minority, Split in G. O. P. Is Best.

Washington, June 19.—The idea of organizing a third party, suddenly cast into the whirlwind of politics at the Roosevelt club banquet at St. Paul a week ago today, has fallen flat in Washington. The atmosphere of the capital is not calculated to nourish third party movements. Everyone here in an official capacity takes personal interest and satisfaction in jumping up and down vigorously on such suggestions, till the last breath of life is tramped out of them.

Nevertheless, the proposition aroused a great deal of discussion. All winter the talk has been of what the insurgent republican movement will lead to. Then along came the big St. Paul gathering attended by Gifford Pinchot, deposed chief forester of Roosevelt's regime, and by James R. Garfield, the "Jimmie" of the Roosevelt tennis cabinet and the secretary of the interior in his real cabinet. In addition a big guest list was reported as being made up of staunch Roosevelt republicans, who find a distinction between Roosevelt republicanism and the kind now dominant. This gathering seemed desirous of organizing discontented republicans under a separate political banner.

Conservation the Hub.

Conservation was to be the hub of the new party's wheel, while its spokes would be made of many protests against monopolies and special privilege. There would be one grand campaign against the "malefactors of great wealth," and the "big stick" would be perpetuated for all time in national history.

Among the democrats there was great enthusiasm over the prospect. Clearly, mused the democrats, if the new party were formed, it would draw its support almost wholly from a following now almost entirely republican. The development would mean the formal declaration of the republican split; wherefore the development would mean the formal declaration of the republican split; wherefore the democrats would be

assured of promotion into prompt control of the national administration. Better to have the insurgents march over and in a band join the democrats; but if this is impossible, and it seems to be, the democrats were perfectly willing to hurrah for a third party.

COL. ROOSEVELT TENDERED OVATION

DANGERS OF AFRICA HAVE NOT CHANGED HIS VIGOROUS MANNER.

CAME AS A HERO

Admiring Thousands Greet Ex-President With Loud Acclaim.

New York, June 19.—Theodore Roosevelt set foot on home shores Saturday for the first time in nearly fifteen months and received a rousing welcome.

He bore with his usual buoyancy a day of heavy fatigues, public duties and private emotions co-mingled and at 4:40 o'clock in the afternoon, after a family reunion at the home of Theron Butler, grandfather of his prospective daughter-in-law, Miss Eleanor Butler Alexander, left the city he had surveyed the same morning from afloat, reviewed in parade ashore and greeted by explicit word of mouth to be welcomed more intimately by his lifelong neighbors at Oyster Bay, Long Island.

Within a generation the nation remembers three great welcomes before this one of today—to General Grant in San Francisco, after his triumphal tour of the world, following the expiration of his two terms as president; to Admiral Dewey on his return from his capture of the Philippines; and to William Jennings Bryan, also after a tour of the world. The welcome to Grant was the most tumultuous, that to Dewey the most elaborate and stately, but the welcome to Roosevelt today was shot through with a dramatic expectancy which long ago found popular expression in the typical phrase—"the return from Elba."

Entered as Second Class matter,
March 26, 1904, at the Postoffice at
Ada, Okla., under the Act of Congress of March 3, 1879.

That the republican party of the country has taken upon itself the important duty of exterminating socialism root and branch is made manifest by President Taft's recent utterances on the subject and during which he decried the followers of Karl Marx in no complimentary terms. Coming from so high a source the president's criticism of socialism is bound to have a profound effect throughout the country. His speech places the issue squarely before the people and it is not out of place to say that the republican party has done more to foster the very thing it now complains of than any other agency. While the president and leader of the G. O. P. vociferates against the evils of the socialistic creed his followers in Oklahoma have from time to time fostered socialism. They have done so for self reasons to be true but their culpability is no less marked and deserves the reproach of all right thinking people. There is good reason to believe that the last campaign saw the republican state committee secretly financing the socialistic campaign in Oklahoma. They probably will try to repeat the performance this year and with what results remains to be seen. Socialism thriving on republican dollars may not appeal to the fair minded now that the president has spoken but the performances of the republican party in Oklahoma in this connection is surely a choice morsel for the gods.

"I will say that I am not, nor ever have been in favor of bringing about in any way the social and political equality of the white and black races; that I am not, nor ever have been, in favor of making voters or jurors of negroes, nor of qualifying them to hold office, nor to intermarry with white people, and I will say in addition to this that there is a physical difference between the white and black races which I believe will forever forbid the two races living together on terms of social and political equality, and inasmuch as they cannot live while they do remain together, there must be the position of superior and inferior, and I, as much as any other man, am in favor of having the superior position assigned to the white race."

The above is a quotation from a speech delivered at Charleston, Ill., in 1858, by Abraham Lincoln. It is a democratic speech, but it was not made by a democrat. It is a speech made by a democrat. It is a speech by the greatest man the republican party ever had. It reflects the view of the negro held by the man who gave the slaves their freedom. It reflects the view of the negro race entertained today by the democracy of Oklahoma. It is the soul of that opinion on which the grandfather clause is founded. It proves that the advocates of negro disfranchisement are following the guiding spirit of Abraham Lincoln.

The Guthrie convention denounced the "Grandfather Clause." By so doing they denounced Abraham Lincoln. If Abraham Lincoln had been a member of the convention he would have been hissed from the hall and branded as a more incorrigible insurgent than Victor Murdock or Albert B. Cummins.

Fine Crops in Johnston County.

Wapanucka, Okla., June 18.—What is pronounced to be the greatest wheat and oat crop ever raised in this section of the state is now being harvested by the farmers. Wheat harvesting has been completed and the crop will average fully twenty bushels per acre. The binders are now mowing down the golden oats fields of this great farming section and the work is attended with fine, fair weather. The oats crop is unusually large and will average from forty to 100 bushels. Many fields will make 100 bushels per acre.

The corn and cotton crops were never better and every thing points to a bumper harvest all along the line this year.

MADRIZ GETS SHARP REPLY

IF ANY VIOLATION OF NEUTRALITY IT WAS WHEN THE VENUS LEFT NEW ORLEANS.

Some Government Which Received Document Have Requested Inform for Basis of Replies.

Washington, June 19.—Madriz has drawn from this government a sharp reply to the protest he made to President Taft claiming that the United States had prolonged the war in Nicaragua because it refused to allow the bombardment of Bluefields or to allow the Venus to maintain a blockade there.

Consul Olivares at Managua has been furnished with a statement which the consul has been directed to hand to Madriz. It tersely observes that if any violation of neutrality has occurred it was when the Venus sailed from New Orleans as an expedition of the Madriz faction.

Madriz protested not to the United States alone, but to all the South American and Central American republics. The statements which he set forth in his telegrams are construed by the state department as nothing less than an effort to place in a false light the policy which the United States has adopted in dealing with the Nicaraguan affairs.

Some of the governments which received his protest have asked for information from Washington upon which to base their replies, and there has been an exchange of telegrams between President Diaz of Mexico and President Taft.

President Diaz, it is explained, merely asked for information, and President Taft, replying in a cordial manner, sent to the government at the City of Mexico the same statement which consul Olivares has been directed to hand to Madriz.

Decision by Knox.
Secretary Knox immediately decided that the Madriz protest requested the special notice of this government because the allegations made evidently were founded on error as to the actual facts and the applicable principles of international law.

"A reply was demanded," an official statement issued today says, "because the United States would hesitate to allow to pass unchallenged a statement from any source which might tend to, however slight a degree, place its policy in a false light."

Statement Made Public.

The statement which Consul Olivares had been instructed to hand to Madriz, and which, in accordance with Secretary Knox's policy of keeping both factions informed of this government's attitude, has also been sent to the Estrada faction, and is as follows:

The policy of the United States remains as set forth in the Secretary of State's letter of Dec. 1, 1909, to Mr. Rodriguez, then Charge des Affaires whereby relations with the Zelaya government were broken off. That letter and statement of the consistent applications of the same policy to conditions as they arose were duly published.

"As to the statements made in the telegram of Dr. Madriz to the president, the government of the United States took only the customary step of prohibiting bombardment or fighting by either faction within the unfortified and ungarrisoned commercial city of Bluefields, thus protecting the preponderating American and other foreign interests, just as the British commander had done at Greytown, where there are large British interests.

"The government of the United States has acknowledged the right of each faction to maintain blockade, but has refused to permit vessels illegally and clandestinely fitted out in American waters to interfere with American commerce.

"The government of the United States simply insists that each faction shall collect duties only for territory under its de facto control, and refuses to permit the collecting of double duties.

"If any violation of neutrality has occurred it was in connection with the sailing of the Venus from New Orleans as an expedition of the Madriz faction."

REVOLUTION THREATENED IN MEXICO

MEXICAN GOVERNMENT ALSO IS RUSHING MORE SOLDIERS TO CANANEA.

Anti-Diaz Man Says Yucatan Is Not Only Seat of Trouble.

El Paso, Tex., June 19.—A special to the Herald from Natchez, Ariz., says that sixty-three Mexicans were surrounded at a rendezvous in Cananea on Thursday night and marched to jail by troops. Nearly 100 rifles were seized. Cananea is where the Mexican revolutionary uprising occurred three years ago. Since that time 500 soldiers have been stationed at Cananea.

More troops now are en route from Hermosillo. The Cananea authorities declare they are coming to fight the forest fires in the Ojo mountains, but the troops already at Cananea are being used for that purpose.

A prominent anti-Diaz man at Natchez, Sonora, is quoted as saying: "Governor Torres had better keep his troops at Hermosillo; he will need them before the presidential election is over. Yucatan is not the only place where troops are needed in Mexico."

According to correspondents all the 30-30 rifles and ammunition on the border have been bought up quietly by unknown persons, and it is impossible to secure any on the border.

STATEHOOD BILLS PASSES HOUSE

President's Wishes Accorded to as Outlined by Speaker Cannon.

Washington, June 18.—With a single dissenting republican voice the house by a viva voce vote this afternoon accepted the senate statehood bill.

Most of the members were anxious to vote on this subject without any speech-making, although one hour's debate was permitted under the rules. A few republican and democratic speechmakers who hated to lose this opportunity to break into the congressional record were at times almost drowned out by the cries of "vote" that came from both sides of the chamber.

The republicans frankly admitted their fear that the bill would be smothered if sent to conference, and the democrats said that although the bill will not let the two territories into the Union in less than two and one-half years, they would vote for it as better than no statehood.

It is expected that President Taft will sign the bill Monday, and then the Governor, Chief Justice and Secretary of each Territory will apportion the territory for the election of 100 delegates to a constitutional convention, the election to be held within ninety days.

1,000 MILE PIPE LINE TO SUPPLY WEST TEXAS

Galveston, June 18.—A contract has been let for the construction of 1,000 miles of pipe line to supply natural gas from the oil fields in Webb county to the farms and ranches in nine different counties in west Texas.

The Producers' Oil company owns the oil field, embracing an area of four square miles. The gas will be carried from the field in pipes twelve inches in diameter, and the line will be granted to smaller pipes to supply consumers.

It will be used for power and lights to operate the irrigating plants and water mills and operate grinding machinery and other plants on the ranches and light the homes of the farmers. The line will run through Webb, Dimmitt, Duval, LaSalle, Baxas, Uvalde, and through the Pecos valley.

Small delay or registering stations will be constructed and the gas will be supplied at the rate of about 30 cents per thousand feet. The construction will cost \$400,000 and the company plans to eventually supply an area of 5,000 square miles with natural gas from the oil fields in this section.

Come Early.

PRYOR POST OFFICE ROBBED

Burglars Escape With \$3,600 in Stamps and -15 Cash.

They left their tools and a bottle of nitroglycerine in their haste and overlooked \$500 in currency in the safe.

A. C. Hadley, living near the post-office, saw one of the burglars and called to him, thinking it was a neighbor. Two revolver shots was the reply. A heavy rain blotted out the trail and rendered bloodhounds ineffective. A posse is out after the burglars.

HARD TASK TO STRAIGHTEN OSAGE GRAZING LEASES

Pawhuska, Ok., June 19.—The job of keeping the records straight on the Osage Nation cattle leases of the department. Thousands of leases and sub-leases are made, so that it requires a general round-up each year to know who occupies the land and how much each grazer has in his possession. The work is now going on and the following letter is given publicity that the land holders may give assistance in helping the department check up.

The letter is published for the benefit of those who have leases as well as the department, that the holders may call on Mr. Haines and report the boundaries and other information as to their leases. Mr. Pitzer gives his public notice:

To whom it may concern: It is my desire to secure full information as to the present users of all grazing lands in the Hominy district of the Osage reservation, over which this office has jurisdiction, and the authority under which the occupants or users of the lands are grazing the same, either through leases filed in this office, subleases or otherwise. Particularly do I desire information from you as to the boundary lines of the pasture land being used by you.

MUSKOGEE TO ASK FOR WATER POWER ACT

Muskogee, Okla., June 18.—According to present plans of the business men of Muskogee, the next legislature will be asked to pass a special act permitting the city of Muskogee to vote a bond issue of \$600,000 for the purpose of building a dam in the Grand river and equipping a power plant to furnish cheap power to Muskogee and other towns.

A special act of the legislature is required, because with the present bonded indebtedness an additional bond issue of this amount would carry the amount slightly in excess of the limit allowed under the state laws without a special act of the legislature and a vote of the people of the city affected.

This plan is considered better than to permit a corporation to build the dam, because it would place the distribution and sale of power, and the price to be charged, in the hands of the city. A gravity water supply is another feature that is added to the possibilities of the dam plan.

NO FIGHTING IN CALIFORNIA

GOVERNOR GILLETTE CARRIES HIS POINT WITHOUT FORCE OF ARMS.

"On to Reno" is Now the Cry in the Camps of Both of the Big Fighters.

San Francisco, Cal., June 18.—"On to Reno" is the cry of the fight brigade. Convinced by the "postponement" of the Kaufman-Langford match that San Francisco definitely has been eliminated as a possible scene of the Jeffries-Johnson fight, positive announcement is expected tomorrow "that the battle of the century" will be fought in Nevada.

Tomorrow night at Reno Rickard will receive bids for the big contest from committees representing the rival cities of Reno, Goldfield and Ely. The city offering the most substantial fight inducement, he says, will secure the match and the winner will be immediately announced. It is generally understood, however, that Reno will be the choice. After his turbulent experience of the last few days, a calm appears to have settled over Rickard, and, breathing freely once more, he is inclined to jest about his troubles. "I think we are getting this championship into a safe port at last," he told the newspaper men today.

Fighters Awaiting Word.

Both Jeffries and Johnson are awaiting the word to move. Preparations to break camp have been completed and on Monday morning the exodus of fighters and trainers from Ben Lomond and San Francisco is expected to begin. Tentative arrangements for training quarters at Reno already have been made for both Jeffries and Johnson.

The capitulation today of Louis Blot, promoter of the Langford-Kaufman contest, as a result of Gov. Gillette's orders to prevent the fight, has ended a stressful situation. Blot's determination to hold the fight, though short-lived, was fraught with exciting possibilities, involving the calling out of the militia, but despite the promoter's open defiance of the state's Chief Executive no serious importance has been attached to his warlike attitude and his "backdown" caused little surprise.

A big crowd surrounded Blot's arena this afternoon, curious to witness the "test of strength" between Blot and the authorities. Mounted police threaded their way among the throng and a detail of patrolmen managed to keep the sidewalks clear.

Blot Laid Peacefully Down.

Blot stood at the entrance of his arena and greeted Adj. Gen. Lauck and Chief of Police Martin when they motored up to ascertain what was happening.

Neither Kaufman nor Langford appeared, however, and finally the crowd melted away. Blot persists in his assertion that the contest has been merely "postponed" until next Saturday in order to stage a minor boxing event, against the holding of which he hopes the governor will take action so that a contest case can be put up to the courts.

WILL CELEBRATE MISSISSIPPI DAY

Natives are Asked to Participate in Event—Vardaman and Gore to be Speakers.

Oklahoma City, June 20.—While no permanent organization has been effected, an effort is being made to bring all Mississippians in the state of Oklahoma together in Oklahoma City, Friday, July 1, when a banquet will be held at the Lee-Huckins hotel. The exercises of the day will be made by prominent Mississippians, active in public life, who have been invited to speak.

The chief speakers of the day will be James K. Vardaman, former governor of Mississippi and recently defeated for the United States Senate by John Shreve Williams, and Thomas P. Gore, United States senator from Oklahoma, who is a native of Mississippi. Speakers from Oklahoma City will be Judge C. B. Ames and Col. A. P. Watson, both Mississippians originally.

All Mississippian natives in the state are invited to participate in the celebration and banquet following at the hotel, which will be given in former Governor Vardaman's honor, and those not reached personally by the committee in charge are requested to notify Lawson W. Bagrude, 832 American National bank building, Oklahoma City so that proper reservations may be made.

THINK GEE DICK IS DEAD.

Fullbloods Stand in Awe of Aged Cherokee.

Muskogee, Ok., June 19.—When the G. A. R. veterans marched into the national cemetery at Fort Gibson on Memorial day, a little group of full blood Indians who stood under one of the magnificent trees in the cemetery drew back in terror, whispering among themselves:

"It is Gee Dick, the dead returns again to weep for the dead," they whispered.

In the ranks of the veterans marched two old Indians, full blood Cherokees. They were Gee Dick and Kansas Vann, sole survivors of the Cherokee Home Guards, the regiment of full bloods which was drafted at Ft. Gibson at the beginning of the Civil war and commanded by Colonel William A. Phillips, of Salina, Kas.

Gee Dick is 84 years old. He rode on horseback from his cabin near Hurlburt, Ok., to attend the memorial services at the national cemetery. Every year on the 30th of May he makes the trip and each year the full bloods who know his history whisper among themselves and shrink from him in fear.

It is the belief among the more ignorant Indians that Gee Dick died during the war and that it is his spirit that returns each year to decorate the graves of his comrades.

At the beginning of the Civil war Gee Dick enlisted in the Home Guards and fought for three years. One day in the third year of the war Gee Dick's regiment was in the Cherokee nation and Gee Dick left camp on a foraging expedition accompanied only by a young boy. They were pursued by a band of Cherokees wearing the Confederate gray under Captain Maunch Morgan and took refuge in a log cabin. With only the assistance of the boy Gee Dick barricaded the cabin and held the improvised fort against the Confederates for several hours.

The Indians finding that they could not capture Gee Dick dragged an old wagon close to the cabin, filled it with straw and set fire to the straw hoping to burn Gee Dick out of his hiding place.

In one corner of the cabin Gee Dick found an old pick and with this he tunneled beneath the walls of the cabin and under the load of burning straw and he and the boy escaped under cover of the smoke.

The cabin burned and the Indians thought that Gee Dick had met death in the flames. When he next appeared they ran from him in terror and even now many of them believe that his ghost returns every year on memorial day.

MORE RAILROADS ARE BUILDING IN OKLAHOMA

Guthrie, Ok., June 19.—Work will be started on the Missouri, Oklahoma and Gulf extension north to Kansas City from Muskogee just as soon as the surveys are completed, according to a statement made by President William Kenefick of Kansas City, who with a party of French and New York bankers visited Oklahoma during the past week, and made an inspection of that portion of the road already in operation, and of the new bridge, which is being constructed across the Red River into Denison, Tex. The extension northward enters Joplin, Mo., and Pittsburg, Kan., penetrating the great zinc mining section of Missouri and the coal district of Kansas.

The Wichita, Falls and Northwestern was completed last week into Elk City, giving the company a main line of 115 miles northwest from Wichita Falls, Tex. A branch road from Elk City to Wellington is being constructed. The contract for the grade work north from Elk City to Hammon, eighteen miles, has been let, the intention being to build a road northward to the Kansas state line. The contract has also been let for grading from Hollis, Ok., to Wellington, Tex., a distance of twenty-three miles.

It is announced that the Santa Fe, Liberal and Englewood company, chartered two years ago to build northeast from Des Moines, N. M., across the Panhandle country to Oklahoma to Englewood, Kan., intends to resume construction operation in the near future. The road was originally promoted by N. A. Ensign of New York City, but the company has recently changed hands.

According to Oscar Ayres and W. T. Forsythe of Philadelphia, who have the promotion of the Arbuckle and Western road in hand, work on the construction will soon commence from Ardmore northwest to Chickasha. During the past week the stockholders of the road met at Ardmore and elected the following directors: R. A. Hefner, J. R. Pennington, J. A. Bivens, Sherman Jones, Oscar O. Ayres, Emory Ayres, W. O. Frye. The Arbuckle and Western is to be an interurban, the survey for which was completed last year. The road will pass through Woodford, Ok., within a short distance of the asphalt mines and at Milo a branch will be built to Duncan.

HON. WM. H. MURRAY GETS OVATION AT CORNISH

Makes a Two Hours Speech at Cornish, Which Was Well Received by Large Crowd.

Cornish, Ok., June 19.—Hon. William H. Murray, candidate for governor of Oklahoma, arrived here Friday morning at 11 o'clock in an automobile from Waurika. He was met by a band from Joiner City and escorted to the City Hotel, where he remained a part of the afternoon, after which he came to the business part of the city to meet old friends and make new ones, and where a grandstand had been erected for the occasion. Promptly at 2 o'clock, he was introduced by A. McCrorey, who paid him a high tribute and commended him to the voters of Oklahoma as worthy the honor he might seek and especially fitted for the office of chief executive. After a two-hour speech, which was well accepted, he left in an automobile for Ryan.

WIND UP SESSION THIS WEEK

TAFT SIGNS STATEHOOD BILL TODAY—ALL REGULAR SUPPLY BILLS PASSED.

PRESIDENT TAFT CLAIMS MUCH

Postal Savings Bank Bill Still Is Before Senate, Which Rushes.

Washington, June 19.—Congressional leaders confidently expect to wind up the present session this week and adjourn not later than Saturday. If the session is carried beyond that time it will be because of amendments to the general deficiency bill or complications in connection with the omnibus public building bill. It is pointed out by republican leaders that there never has been a congress where a president has obtained the amount of legislation as has resulted from the demands of President Taft; starting in with a demand for revision of the tariff, he procured this at an extraordinary session. Then at the beginning of the present session he demanded railway legislation, a forward conservation policy, statehood for New Mexico and Arizona, postal savings banks and the regulation of injunctions.

Bills on all these subjects have passed both branches of congress, with the exception of the anti-injunction measure. That will have to wait until next session, but it is said

the prospects are good for its passage at that time.

All the regular supply bills have passed both houses except the general deficiency bill. That passed by the house Saturday and will be reported to the senate not later than Tuesday.

The postal savings bank bill is still before the senate. It came before the house in the form of an amended bill, and Senator Carter moved that the senate concur in the house amendments. Opposition developed and the motion has been debated intermittently since the bill returned from the house. President Taft approves the house bill and it seems reasonably certain that the senate will accept it.

The rivers and harbors bill is awaiting the president's signature, and he soon will have the omnibus public buildings bill. With both of these measures before him he is in a position to command that action be taken on such other legislation as he feels should be passed.

President Taft tomorrow will sign the statehood bill. It is likely there will be a number of claimants for the pen used in signing that historic instrument. President Taft probably will use two pens in approving the bill and give one to Delegate Andrews, representing New Mexico, and the other to Delegate Cameron, representing Arizona.

WILL INVADE CRUCE'S HOME

HON. WM. H. MURRAY ADDRESSES LETTER TO THE CITIZENS OF CARTER COUNTY.

Will Willing Divide Time With Lee Cruce and Requests a Respectful Hearing on the Questions for Which He (Murray) Stands.

Tishomingo, Okla., June 18.—Bill Murray intends invading Cruce's home and has addressed the following letter to the citizens of Carter county:

"Since under the direction of the Cruce Club of Ardmore, Professor J. G. Buchanan has spent several weeks making a 'gum shoe' campaign of my county, and since A. C. Cruce has come to this county to speak in the interest of his brother, and since the said A. C. Cruce, in various communities of your county, has falsified my record and my position upon public questions, I feel that I am fully justified in announcing that I will speak to such citizens of Carter county as desire to hear me in the city of Ardmore on Saturday, July 2nd, at 1:30 o'clock p. m.

"I request a respectful hearing at your hands upon the questions for which I stand in this campaign, and upon my part I shall willingly divide time with the Hon. Lee Cruce, or any other democratic candidate for governor, (but with no other person), and I beg of you to give me this candid hearing as citizens of Oklahoma who are interested in progressive reform, intelligent administration of public affairs and the enforcement of law.

"Do not let the plutocratic press, the grafters or pusillanimous politicians deceive you by telling you that I will not be present. I shall speak on July 1st in Love county at Bob at 2 o'clock p. m. and at Marietta that night, arriving in Ardmore on the 12 o'clock train ready for my speech the next day.

"When you have heard this discussion, I assure you you will be better prepared to make up your minds as to your choice between me and Lee Cruce in the primary on the 2nd day of August.

"From the homes of Oklahoma farmers will mark the destiny of the state—will determine which shall control, the progressive or the reactionaries. In the midst of a death struggle with the people on one side and the insidious interests on the other, assisted by a plutocratic press, and a gang of pusillanimous politicians, sustained by corrupt federal courts—farmers of Carter county, you can not afford to remain indifferent—come with your neighbors and let us reason together."

ROBERTSON WITH-DRAWS FROM RACE

Has Practically Spent the Entire Amount a Candidate Under the Law, \$3,000.

Chandler, Ok., June 18.—Judge J. B. A. Robertson of Chandler, who a few months ago resigned from the district bench to enter the race for the Democratic nomination for Governor, today formally announced his withdrawal from the race. The announcement is an address to the democrats of Oklahoma.

Judge Robertson declares that he has already expended practically the entire amount permitted a candidate for governor under the law, \$3,000, and that he would not violate the law to continue the campaign. He declares that he will be a candidate for Governor in the primary campaign four years hence.

5 KILLED; 27 HURT IN TWO WRECKS

EMIGRANT TRAIN COLLIDES WITH AN ENGINE AND FREIGHT JUMPS A CROSSING.

Second Section of Chicago Limited in Accident Near Norwich—Other Accident in New Orleans.

Norwich, N. Y., June 19.—A train loaded with emigrant men route to the west, running as the second section of No. 5, the Chicago Limited on the Ontario and Western railway was wrecked sixteen miles southeast of this village at 2:15 o'clock this morning.

Three passengers were killed and twenty-five were injured.

The wreck occurred when the emigrant train crashed into a locomotive running light. The engineer and fireman of the train escaped serious injury.

The train was made up of eight coaches and an engine and carried 571 emigrants. It was running about thirty miles an hour up the heavy grade and the light engine, making about twenty-five miles, struck it head-on.

When the collision occurred the first passenger coach, an old one, immediately behind the engine, was crushed to pieces, the tender of the engine passing nearly half way through it.

All the injured were in this car. The other seven coaches of the train remained on the track.

Two Killed at New Orleans.

New Orleans, La., June 19.—Two men were killed and two others seriously injured when a freight train of the New Orleans Terminal company was derailed at Metairie crossing on the outskirts of the city this afternoon. The dead:

Joseph Gibson, brakeman.

G. J. Salaun, conductor.

The injured: Frank Calogne, engineer, severely scalded; Edward Guilbeau, brakeman, badly bruised and possibly internally injured.

It is believed that a broken flange or a cattle guard was responsible for the derailment.

Wreck in France.

Ville Preux, France, June 19.—The casualty list of the collision here yesterday between the Cranville express and a local train standing at the station stands at nineteen dead and thirty injured. The wreckage caught fire after the accident and one of the trains was entirely consumed.

NO THIRD PARTY TALK

IDEA OF DIVISION HOOTED BY BOTH INSURGENTS AND REGULARS.

WOULD STRENGTHEN DEMOS

Next to "Progressives" Joining Minority, Split in G. O. P. Is Best.

Washington, June 19.—The idea of organizing a third party, suddenly cast into the whirlwind of politics at the Roosevelt club banquet at St. Paul a week ago today, has fallen flat in Washington. The atmosphere of the capital is not calculated to nourish third party movements. Everyone here in an official capacity takes personal interest and satisfaction in jumping up and down vigorously on such suggestions, till the last breath of life is tramped out of them.

Nevertheless, the proposition aroused a great deal of discussion. All winter the talk has been of what the insurgent republican movement will lead to. Then along came the big St. Paul gathering attended by Gifford Pinchot, deposed chief forester of Roosevelt's regime, and by James R. Garfield, the "Jimmie" of the Roosevelt tennis cabinet and the secretary of the interior in his real cabinet. In addition a big guest list was reported as being made up of staunch Roosevelt republicans, who find a distinction between Roosevelt republicanism and the kind now dominant. This gathering seemed destined of organizing discontented republicans under a separate political banner.

Conservation the Hub.

Conservation was to be the hub of the new party's wheel, while its spokes would be made of many protests against monopolies and special privilege. There would be one grand campaign against the "malefactors of great wealth," and the "big stick" would be perpetuated for all time in national history.

Among the democrats there was great enthusiasm over the prospect. Clearly, mused the democrats, if the new party were formed, it would draw its support almost wholly from a following now almost entirely republican. The development would mean the formal declaration of the republican split; wherefore the development would mean the formal declaration of the republican split, wherefore the democrats would be

assured of promotion into prompt control of the national administration. Better to have the insurgents march over and in a band join the democrats, but if this is impossible, and it seems to be, the democrats were perfectly willing to hurrah for a third party.

COL. ROOSEVELT TENDERED OVATION

DANGERS OF AFRICA HAVE NOT CHANGED HIS VIGOROUS MANNER.

CAME AS A HERO

Admiring Thousands Greet Ex-President With Loud Acclaim.

New York, June 19.—Theodore Roosevelt set foot on home shores Saturday for the first time in nearly fifteen months and received a rousing welcome.

He bore with his usual buoyancy a day of heavy fatigues, public duties and private emotions co-mingled and at 4:40 o'clock in the afternoon, after a family reunion at the home of Theron Butler, grandfather of his prospective daughter-in-law, Miss Eleanor Butler Alexander, left the city he had surveyed the same morning from aloft, reviewed in parade ashore and greeted by explicit word of mouth to be welcomed more intimately by his lifelong neighbors at Oyster Bay, Long Island.

Within a generation the nation remembers three great welcomes before this one of today—to General Grant in San Francisco, after his triumphal tour of the world, following the expiration of his two terms as president; to Admiral Dewey on his return from his capture of the Philippines; and to William Jennings Bryan, also after a tour of the world. The welcome to Grant was the most tumultuous, that to Dewey the most elaborate and stately, but the welcome to Roosevelt today was shot through with a dramatic expectancy which long ago found popular expression in the typical phrase—"the return from Elba."

Entered as Second Class matter,
March 26, 1904, at the Postoffice at Ada, Okla., under the Act of Congress of March 3, 1879.

That the republican party of the country has taken upon itself the important duty of exterminating socialism and branch is made manifest by President Taft's recent utterances on the subject and during which he decried the followers of Karl Marx in no complimentary terms. Coming from so high a source the president's criticism of socialism is bound to have a profound effect throughout the country. His speech places the issue squarely before the people and it is not out of place to say that the republican party has done more to foster the very thing it now complains of than any other agency. While the president and leader of the G. O. P. vociferates against the evils of the socialistic creed his followers in Oklahoma have from time to time fostered socialism. They have done so for self reasons to be true but their culpability is no less marked and deserves the reproach of all right thinking people. There is good reason to believe that the last campaign saw the republican state committee secretly financing the socialistic campaign in Oklahoma. They probably will try to repeat the performance this year and with what results remains to be seen. Socialism thriving on republican dollars may not appeal to the fair minded now that the president has spoken but the performances of the republican party in Oklahoma in this connection is surely a choice morsel for the gods.

"I will say that I am not, nor ever have been in favor of bringing about in any way the social and political equality of the white and black races; that I am not, nor ever have been, in favor of making voters or jurors of negroes, nor of qualifying them to hold office, nor to intermarry with white people, and I will say in addition to this that there is a physical difference between the white and black races which I believe will forever forbid the two races living together on terms of social and political equality, and inasmuch as they cannot live while they do remain together, there must be the position of superior and inferior, and I, as much as any other man, am in favor of having the superior position assigned to the white race."

The above is a quotation from a speech delivered at Charleston, Ill., in 1858, by Abraham Lincoln. It is a democratic speech, but it was not made by a democrat. It is a speech made by a democrat. It is a speech by the greatest man the republican party ever had. It reflects the view of the negro held by the man who gave the slaves their freedom. It reflects the view of the negro race entertained today by the democracy of Oklahoma. It is the soul of that opinion on which the grandfather clause is founded. It proves that he advocates of negro disfranchisement are following the guiding spirit of Abraham Lincoln.

The Guthrie convention denounced the "Grandfather Clause." By so doing they denounced Abraham Lincoln. If Abraham Lincoln had been a member of the convention he would have been hissed from the hall and branded as a more incorrigible insurgent than Victor Murdock or Albert B. Cummins.

Fine Crops in Johnston County.

Wapanucka, Okla., June 18.—What is pronounced to be the greatest wheat and oat crop ever raised in this section of the state is now being harvested by the farmers. Wheat harvesting has been completed and the crop will average fully twenty bushels per acre. The binders are now mowing down the golden oats fields of this great farming section and the work is attended with fine, fair weather. The oats crop is unusually large and will average from forty to 100 bushels. Many fields will make 100 bushels per acre.

The corn and cotton crops were never better and every thing points to a bumper harvest all along the line this year.

MADRIZ GETS SHARP REPLY

IF ANY VIOLATION OF NEUTRALITY IT WAS WHEN THE VENUS LEFT NEW ORLEANS.

Some Government Which Received Document Have Requested Inform for Basis of Replies.

Washington, June 19.—Madriz has drawn from this government a sharp reply to the protest he made to President Taft claiming that the United States had prolonged the war in Nicaragua because it refused to allow the bombardment of Bluefields or to allow the Venus to maintain a blockade there.

Consul Olivares at Managua has been furnished with a statement which the consul has been directed to hand to Madriz. It tersely observes that if any violation of neutrality has occurred it was when the Venus sailed from New Orleans as an expedition of the Madriz faction.

Madriz protested not to the United States alone, but to all the South American and Central American republics. The statements which he set forth in his telegrams are construed by the state department as nothing less than an effort to place in a false light the policy which the United States has adopted in dealing with the Nicaraguan affairs.

Some of the governments which received his protest have asked for information from Washington upon which to base their replies, and there has been an exchange of telegrams between President Diaz of Mexico and President Taft.

President Diaz, it is explained, merely asked for information, and President Taft, replying in a cordial manner, sent to the government at the City of Mexico the same statement which consul Olivares has been directed to hand to Madriz.

Decision by Knox.

Secretary Knox immediately decided that the Madriz protest requested the special notice of this government because the allegations made evidently were founded on error as to the actual facts and the applicable principles of international law.

"A reply was demanded," an official statement issued today says, "because the United States would hesitate to allow to pass unchallenged a statement from any source which might tend to, however slight a degree, place its policy in a false light."

Statement Made Public.

The statement which Consul Olivares had been instructed to hand to Madriz, and which, in accordance with Secretary Knox's policy of keeping both factions informed of this government's attitude, has also been sent to the Estrada faction, and is as follows:

The policy of the United States remains as set forth in the Secretary of State's letter of Dec. 1, 1902, to Mr. Rodriguez, then Charge d'Affaires whereby relations with the Zelaya government were broken off. That letter and statement of the consistent applications of the same policy to conditions as they arose were duly published.

"As to the statements made in the telegram of Dr. Madriz to the president, the government of the United States took only the customary step of prohibiting bombardment or fighting by either faction within the unfortified and ungarrisoned commercial city of Bluefields, thus protecting the preponderating American and other foreign interests, just as the British commander had done at Greytown, where there are large British interests.

"The government of the United States has acknowledged the right of each faction to maintain blockade, but has refused to permit vessels illegally and clandestinely fitted out in American waters to interfere with American commerce.

"The government of the United States simply insists that each faction shall collect duties only for territory under its defacto control, and refuses to permit the collecting of double duties.

"If any violation of neutrality has occurred it was in connection with the sailing of the Venus from New Orleans as an expedition of the Madriz faction."

REVOLUTION THREATENED IN MEXICO

MEXICAN GOVERNMENT ALSO IS RUSHING MORE SOLDIERS TO CANANEA.

Anti-Diaz Man Says Yucatan Is Not Only Seat of Trouble.

El Paso, Tex., June 19.—A special to the Herald from Nacoz, Ariz., says that sixty-three Mexicans were surrounded at a rendezvous in Cananea on Thursday night and marched to jail by troops. Nearly 100 rifles were seized. Cananea is, where the Mexican revolutionary uprising occurred three years ago. Since that time 500 soldiers have been stationed at Cananea.

More troops now are en route from Hermosillo. The Cananea authorities declare they are coming to fight the forest fires in the Ojo mountains, but the troops already at Cananea are being used for that purpose.

A prominent anti-Diaz man at Nacoz, Sonora, is quoted as saying: "Governor Torres had better keep his troops at Hermosillo; he will need them before the presidential election is over. Yucatan is not the only place where troops are needed in Mexico."

According to correspondents all the 30-30 rifles and ammunition on the border have been bought up quietly by unknown persons, and it is impossible to secure any on the border.

STATEHOOD BILLS PASSES HOUSE

President's Wishes Accorded to as Outlined by Speaker Cannon.

Washington, June 18.—With a single dissenting republican voice the house by a viva voce vote this afternoon accepted the senate statehood bill.

Most of the members were anxious to vote on this subject without any speech-making, although one hour's debate was permitted under the rules. A few republican and democratic speechmakers who hated to lose this opportunity to break into the congressional record were at times almost drowned out by the cries of "vote" that came from both sides of the chamber.

The republicans frankly admitted their fear that the bill would be smothered if sent to conference, and the democrats said that although the bill will not let the two territories into the Union in less than two and one-half years, they would vote for it as better than no statehood.

It is expected that President Taft will sign the bill Monday, and then the Governor, Chief Justice and Secretary of each Territory will appoint the territory for the election of 100 delegates to a constitutional convention, the election to be held within ninety days.

1,000 MILE PIPE LINE TO SUPPLY WEST TEXAS

Galveston, June 18.—A contract has been let for the construction of 1,000 miles of pipe line to supply natural gas from the oil fields in Webb county to the farms and ranches in nine different counties in west Texas.

The Producers' Oil company owns the oil field, embracing an area of four square miles. The gas will be carried from the field in pipes twelve inches in diameter, and the line will be granted to smaller pipes to supply consumers.

It will be used for power and lights to operate the irrigating plants and water mills and operate grinding machinery and other plants on the ranches and light the homes of the farmers. The line will run through Webb, Dimmitt, Duval, LaSalle, Baxas, Uvalde, and through the Pecos valley.

Small delay or registering stations will be constructed and the gas will be supplied at the rate of about 30 cents per thousand feet. The construction will cost \$400,000 and the company plans to eventually supply an area of 5,000 square miles with natural gas from the oil fields in this section.

Come Early.

The seating capacity of the city hall is limited and you may wait too long to buy your Chautauqua tickets.

Pryor, Okla., June 18.—Early this morning burglars entered the post-office at Pryor, blew open the safe and secured -3 600 in stamps and -15 in money, which they loaded into a spring wagon and fled to the hills east of the Grand river. They left their tools and a bottle of nitroglycerine in their haste and overlooked \$500 in currency in the safe.

A. C. Hadley, living near the post-office, saw one of the burglars and called to him, thinking it was a neighbor. Two revolver shots was the reply. A heavy rain blotted out the trail and rendered bloodhounds ineffective. A posse is out after the burglars.

HARD TASK TO ASK FOR OSAGE GRAZING LEASES

Pawhuska, Ok., June 19.—The job of keeping the records straight on the Osage Nation cattle leases of the Osage reservation is the hardest task of the department. Thousands of leases and sub-leases are made, so that it requires a general round-up each year to know who occupies the land and how much each grazer has in his possession. The work is now going on and the following letter is given publicity that the land holders may give assistance in helping the department check up.

The letter is published for the benefit of those who have leases as well as the department, that the holders may call on Mr. Haines and report the boundaries and other information as to their leases. Mr. Pitzer gives his public notice:

To whom it may concern: It is my desire to secure full information as to the present users of all grazing lands in the Hominy district of the Osage reservation, over which this office has jurisdiction, and the authority under which the occupants or users of the lands are grazing the same, either through leases filed in this office, subleases or otherwise. Particularly do I desire information from you as to the boundary lines of the pasture land being used by you.

MUSKOGEE TO ASK FOR WATER POWER ACT

Muskogee, Okla., June 18.—According to present plans of the business men of Muskogee, the next legislature will be asked to pass a special act permitting the city of Muskogee to vote a bond issue of \$600,000 for the purpose of building a dam in the Grand river and equipping a power plant to furnish cheap power to Muskogee and other towns.

A special act of the legislature is required, because with the present bonded indebtedness an additional bond issue of this amount would carry the amount slightly in excess of the limit allowed under the state laws without a special act of the legislature and a vote of the people of the city affected.

This plan is considered better than to permit a corporation to build the dam, because it would place the distribution and sale of power, and the price to be charged, in the hands of the city. A gravity water supply is another feature that is added to the possibilities of the dam plan.

NO FIGHTING IN CALIFORNIA

GOVERNOR GILLETTE CARRIES HIS POINT WITHOUT FORCE OF ARMS.

"On to Reno" is Now the Cry in the Camps of Both of the Big Fighters.

San Francisco, Cal., June 18.—"On to Reno" is the cry of the fight brigade. Convinced by the "postponement" of the Kaufman-Langford match that San Francisco definitely has been eliminated as a possible scene of the Jeffries-Johnson fight, positive announcement is expected tomorrow "that the battle of the century" will be fought in Nevada.

Tomorrow night at Reno Rickard will receive bids for the big contest from committees representing the rival cities of Reno, Goldfield and Ely. The city offering the most substantial fight inducement, he says, will secure the match and the winner will be immediately announced. It is generally understood, however, that Reno will be the choice. After his turbulent experience of the last few days, a calm appears to have settled over Rickard, and, breathing freely once more, he is inclined to jest about his troubles. "I think we are getting this championship into a safe port at last," he told the newspaper men today.

Fighters Awaiting Word. Both Jeffries and Johnson are awaiting the word to move. Preparations to break camp have been completed and on Monday morning the exodus of fighters and trainers from Ben Lomond and San Francisco is expected to begin. Tentative arrangements for training quarters at Reno already have been made for both Jeffries and Johnson.

The capitulation today of Louis Blot, promoter of the Langford-Kaufman contest, as a result of Gov. Gillette's orders to prevent the fight, has ended a stressful situation. Blot's determination to hold the fight, though short-lived, was fraught with exciting possibilities, involving the calling out of the militia, but despite the promoter's open defiance of the state's Chief Executive no serious importance has been attached to his warlike attitude and his "backdown" caused little surprise.

A big crowd surrounded Blot's arena this afternoon, curious to witness the "test of strength" between Blot and the authorities. Mounted police threatened their way among the throng and a detail of patrolmen managed to keep the sidewalks clear.

Blot Laid Peacefully Down. Blot stood at the entrance of his arena and greeted Adjt. Gen. Lauck and Chief of Police Martin when they motored up to ascertain what was happening.

Neither Kaufman nor Langford appeared, however, and finally the crowd melted away. Blot persists in his assertion that the contest has been merely "postponed" until next Saturday in order to stage a minor boxing event, against the holding of which he hopes the governor will take action so that a contest case can be put up to the courts.

WILL CELEBRATE MISSISSIPPI DAY

Natives are Asked to Participate in Event—Vardaman and Gore to be Speakers.

Oklahoma City, June 20.—While no permanent organization has been effected, an effort is being made to bring all Mississippians in the state of Oklahoma together in Oklahoma City, Friday, July 1, when a banquet will be held at the Lee-Huckins hotel. The exercises of the day will be made by prominent Mississippians, active in public life, who have been invited to speak.

The chief speakers of the day will be James K. Vardaman, former governor of Mississippi and recently defeated for the United States Senate by John Shreve Williams, and Thomas P. Gore, United States senator from Oklahoma, who is a native of Mississippi. Speakers from Oklahoma City will be Judge C. B. Ames and Col. A. P. Watson, both Mississippians originally.

All Mississippi natives in the state are invited to participate in the celebration and banquet following at the hotel, which will be given in former Governor Vardaman's honor, and those not reached personally by the committee in charge are requested to notify Lawson W. Bagrude, 832 American National bank building, Oklahoma City so that proper reservations may be made.

THINK GEE DICK IS DEAD.

Fullbloods Stand in Awe of Aged Cherokee.

Muskogee, Ok., June 19.—When the G. A. R. veterans marched into the national cemetery at Fort Gibson on Memorial day, a little group of full blood Indians who stood under one of the magnificent trees in the cemetery drew back in terror, whispering among themselves: "It is Gee Dick, the dead returns again to weep for the dead," they whispered.

In the ranks of the veterans marched two old Indians, full blood Cherokees. They were Gee Dick and Kansas Vann, sole survivors of the Cherokee Home Guards, the regiment of full bloods which was drafted at Ft. Gibson at the beginning of the Civil war and commanded by Colonel William A. Phillips, of Salina, Kas.

Gee Dick is 84 years old. He rode on horseback from his cabin near Hurlburt, Ok., to attend the memorial services, at the national cemetery. Every year on the 30th of May he makes the trip and each year the full bloods who know his history whisper among themselves and shrink from him in fear.

It is the belief among the more ignorant Indians that Gee Dick died during the war and that it is his spirit that returns each year to decorate the graves of his comrades.

At the beginning of the Civil war Gee Dick enlisted in the Home Guards and fought for three years. One day in the third year of the war Gee Dick's regiment was in the Cherokee nation and Gee Dick left camp on a foraging expedition accompanied only by a young boy. They were pursued by a band of Cherokees wearing the Confederate gray under Captain Maunch Morgan and took refuge in a log cabin. With only the assistance of the boy Gee Dick barricaded the cabin and held the improvised fort against the Confederates for several hours.

The Indians finding that they could not capture Gee Dick dragged an old wagon close to the cabin, filled it with straw and set fire to the straw hoping to burn Gee Dick out of his hiding place.

In one corner of the cabin Gee Dick found an old pick and with this he tunneled beneath the walls of the cabin and under the load of burning straw and he and the boy escaped under cover of the smoke.

The cabin burned and the Indians thought that Gee Dick had met death in the flames. When he next appeared they ran from him in terror and even now many of them believe that his ghost returns every year on memorial day.

MORE RAILROADS ARE BUILDING IN OKLAHOMA

Guthrie, Ok., June 19.—Work will be started on the Missouri, Oklahoma and Gulf extension north to Kansas City from Muskogee just as soon as the surveys are completed, according to a statement made by President William Keneffick of Kansas City, who with a party of French and New York bankers visited Oklahoma during the past week, and made an inspection of that portion of the road already in operation, and of the new bridge, which is being constructed across the Red River into Denison, Tex. The extension northward enters Joplin, Mo., and Pittsburg, Kan., penetrating the great zinc mining section of Missouri and the coal district of Kansas.

The Wichita Falls and Northwestern was completed last week into Elk City, giving the company a main line of 115 miles northwest from Wichita Falls, Tex. A branch road from Elk City to Wellington is being constructed. The contract for the grade work north from Elk City to Hammon, eighteen miles, has been let, the intention being to build a road northward to the Kansas state line. The contract has also been let for grading from Hollis, Ok., to Wellington, Tex., a distance of twenty-three miles.

It is announced that the Santa Fe, Liberal and Englewood company, chartered two years ago to build northeast from Des Moines, N. M., across the Panhandle country to Oklahoma to Englewood, Kan., intends to resume construction operation in the near future. The road was originally promoted by N. A. Ensign of New York City, but the company has recently changed hands.

According to Oscar Ayres and W. T. Forsythe of Philadelphia, who have the promotion of the Arbuckle and Western road in hand, work on the construction will soon commence from Ardmore northwest to Chickasha. During the past week the stockholders of the road met at Ardmore and elected the following directors: R. A. Hefner, J. R. Pennington, J. A. Bivens, Sherman Jones, Oscar O. Ayres, Emory Ayres, W. O. Frye. The Arbuckles and Western is to be an interurban, the survey for which was completed last year. The road will pass through Woodford, Ok., within a short distance of the asphalt mines and at Milo a branch will be built

Makes a Two Hours Speech at Cornish, Which Was Well Received by Large Crowd.

Cornish, Ok., June 19.—Hon. William H. Murray, candidate for governor of Oklahoma, arrived here Friday morning at 11 o'clock in an automobile from Waurika. He was met by a band from Joiner City and escorted to the City Hotel, where he remained a part of the afternoon, after which he came to the business part of the city to meet old friends and make new ones, and where a grandstand had been erected for the occasion. Promptly at 2 o'clock, he was introduced by A. McCrory, who paid him a high tribute and commended him to the voters of Oklahoma as worthy the honor he might seek and especially fitted for the office of chief executive. After a two-hour speech, which was well accepted, he left in an automobile for Ryan.

WIND UP SESSION THIS WEEK

TAFT SIGNS STATEHOOD BILL TODAY—ALL REGULAR SUPPLY BILLS PASSED.

PRESIDENT TAFT CLAIMS MUCH

Postal Savings Bank Bill Still Is Before Senate, Which Rushes.

Washington, June 19.—Congressional leaders confidently expect to wind up the present session this week and adjourn not later than Saturday. If the session is carried beyond that time it will be because of amendments to the general deficiency bill or complications in connection with the omnibus public building bill. It is pointed out by republican leaders that there never has been a congress where a president has obtained the amount of legislation as has resulted from the demands of President Taft; starting in with a demand for revision of the tariff, he procured this at an extraordinary session. Then at the beginning of the present session he demanded railway legislation, a forward conservation policy, statehood for New Mexico and Arizona, postal savings banks and the regulation of injunctions.

Bills on all these subjects have passed both branches of congress, with the exception of the anti-injunction measure. That will have to wait until next session, but it is said

the prospects are good for its passage at that time.

All the regular supply bills have passed both houses except the general deficiency bill. That passed by the house Saturday and will be reported to the senate not later than Tuesday.

The postal savings bank bill is still before the senate. It came before the house in the form of an amended bill, and Senator Carter moved that the senate concur in the house amendments. Opposition developed and the motion has been debated intermittently since the bill returned from the house. President Taft approves the house bill and it seems reasonably certain that the senate will accept it.

The rivers and harbors bill is awaiting the president's signature, and he soon will have the omnibus public buildings bill. With both of these measures before him he is in a position to command that action be taken on such other legislation as he feels should be passed.

President Taft tomorrow will sign the statehood bill. It is likely there will be a number of claimants for the pen used in signing that historic instrument. President Taft probably will use two pens in approving the bill and give one to Delegate Andrews, representing New Mexico, and the other to Delegate Cameron, representing Arizona.

WILL INVADE CRUCE'S HOME

HON. WM. H. MURRAY ADDRESSES LETTER TO THE CITIZENS OF CARTER COUNTY.

Will Willing Divide Time With Lee Cruce and Requests a Respectful Hearing on the Questions for Which He (Murray) Stands.

Tishomingo, Okla., June 18.—Bill Murray intends invading Cruce's home and has addressed the following letter to the citizens of Carter county:

"Since under the direction of the Cruce Club of Ardmore, Professor J. G. Buchanan has spent several weeks making a 'gum shoe' campaign of my county, and since A. C. Cruce has come to this county to speak in the interest of his brother, and since the said A. C. Cruce, in various communities of your county, has falsified my record and my position upon public questions, I feel that I am fully justified in announcing that I will speak to such citizens of Carter county as desire to hear me in the city of Ardmore on Saturday, July 2nd, at 1:30 o'clock p. m.

"I request a respectful hearing at your hands upon the questions for which I stand in this campaign, and upon my part I shall willingly divide time with the Hon. Lee Cruce, or any other democratic candidate for governor, (but with no other person), and I beg of you to give me this candid hearing as citizens of Oklahoma who are interested in progressive reform, intelligent administration of public affairs and the enforcement of law.

"Do not let the plutocratic press, the grafters or pusillanimous politicians deceive you by telling you that I will not be present. I shall speak on July 1st in Love county at Bob at 2 o'clock p. m. and at Marietta that night, arriving in Ardmore on the 12 o'clock train ready for my speech the next day.

"When you have heard this discussion, I assure you you will be better prepared to make up your minds as to your choice between me and Lee Cruce in the primary on the 2nd day of August.

"From the homes of Oklahoma farmers will mark the destiny of the state—will determine which shall control, the progressive or the reactionaries. In the midst of a death struggle with the people on one side and the insidious interests on the other, assisted by a plutocratic press, and a gang of pusillanimous politicians, sustained by corrupt federal courts—farmers of Carter county, you can not afford to remain indifferent—come with your neighbors and let us reason together."

Chandler, Ok., June 18.—Judge J. B. A. Robertson of Chandler, who a few months ago resigned from the district bench to enter the race for the Democratic nomination for Governor, today formally announced his withdrawal from the race. The announcement is an address to the democrats of Oklahoma.

Judge Robertson declares that he has already expended practically the entire amount permitted a candidate for governor under the law, \$3,000, and that he would not violate the law to continue the campaign. He declares that he will be a candidate for Governor in the primary campaign four years hence.

5 KILLED; 27 HURT IN TWO WRECKS

EMIGRANT TRAIN COLLIDES WITH AN ENGINE AND FREIGHT JUMPS A CROSSING.

Second Section of Chicago Limited in Accident Near Norwich—Other Accident in New Orleans.

Norwich, N. Y., June 19.—A train loaded with emigrant men route to the west, running as the second section of No. 5, the Chicago Limited on the Ontario and Western railway was wrecked sixteen miles southeast of this village at 2:15 o'clock this morning.

Three passengers were killed and twenty-five were injured.

The wreck occurred when the emigrant train crashed into a locomotive running light. The engineer and fireman of the train escaped serious injury.

The train was made up of eight coaches and an engine and carried 571 emigrants. It was running about thirty miles an hour up the heavy grade and the light engine, making about twenty-five miles, struck it head-on.

When the collision occurred the first passenger coach, an old one, immediately behind the engine, was crushed to pieces, the tender of the engine passing nearly half way through it.

All the injured were in this car. The other seven coaches of the train remained on the track.

Two Killed at New Orleans.

New Orleans, La., June 19.—Two men were killed and two others seriously injured when a freight train of the New Orleans Terminal company was derailed at Metairie crossing on the outskirts of the city this afternoon. The dead:

Joseph Gibson, brakeman.

G. J. Salaun, conductor.

The injured: Frank Calogne, engineer, severely scalded; Edward Guilbeau, brakeman, badly bruised and possibly internally injured.

It is believed that a broken flange or a cattle guard was responsible for the derailment.

Wreck in France.

Ville Preux, France, June 19.—The casualty list of the collision here yesterday between the Cranville express and a local train standing at the station stands at nineteen dead and thirty injured. The wreckage caught fire after the accident and one of the trains was entirely consumed.

NO THIRD PARTY TALK

IDEA OF DIVISION HOOTED BY BOTH INSURGENTS AND REGULARS.

WOULD STRENGTHEN DEMOS

Next to "Progressives" Joining Minority, Split in G. O. P. Is Best.

Washington, June 19.—The idea of organizing a third party, suddenly cast into the whirlwind of politics at the Roosevelt club banquet at St. Paul a week ago today, has fallen flat in Washington. The atmosphere of the capital is not calculated to nourish third party movements. Everyone here in an official capacity takes personal interest and satisfaction in jumping up and down vigorously on such suggestions, till the last breath of life is tramped out of them.

Nevertheless, the proposition aroused a great deal of discussion. All winter the talk has been of what the insurgent republican movement will lead to. Then along came the big St. Paul gathering attended by Gifford Pinchot, deposed chief forester of Roosevelt's regime, and by James R. Garfield, the "Jimmie" of the Roosevelt tennis cabinet and the secretary of the interior in his real cabinet. In addition a big guest list was reported as being made up of staunch Roosevelt republicans, who find a distinction between Roosevelt republicanism and the kind now dominant. This gathering seemed destined of organizing discontented republicans under a separate political banner.

Conservation the Hub.

Conservation was to be the hub of the new party's wheel, while its spokes would be made of many protests against monopolies and special privilege. There would be one grand campaign against the "malefactors of great wealth," and the "big stick" would be perpetuated for all time in national history.

Among the democrats there was great enthusiasm over the prospect. Clearly, mused the democrats, if the new party were formed, it would draw its support almost wholly from a following now almost entirely republican. The development would mean the formal declaration of the republican split; wherefore the development would mean the formal declaration of the republican split, wherefore the democrats would be

assured of promotion into prompt control of the national administration. Better to have the insurgents march over and in a band join the democrats, but if this is impossible, and it seems to be, the democrats were perfectly willing to hurrah for a third party.

COL. ROOSEVELT TENDERED OVATION

CAME AS A HERO

Admiring Thousands Greet Ex-President With Loud Acclaim.

New York, June 19.—Theodore Roosevelt set foot on home shores Saturday for the first time in nearly fifteen months and received a rousing welcome.

He bore with his usual buoyancy a day of heavy fatigues, public duties and private emotions co-mingled and at 4:40 o'clock in the afternoon, after a family reunion at the home of Theron Butler, grandfather of his prospective daughter-in-law, Miss Eleanor Butler Alexander, left the city he had surveyed the same morning from aloft, reviewed in parade ashore and greeted by explicit word of mouth to be welcomed more intimately by his lifelong neighbors at Oyster Bay, Long Island.

Within a generation the nation remembers three great welcomes before this one of today—to General Grant in San Francisco, after his triumphal tour of the world, following the expiration of his two terms as president; to Admiral Dewey on his return from his capture of the Philippines; and to William Jennings Bryan, also after a tour of the world. The welcome to Grant was the most tumultuous, that to Dewey the most elaborate and stately, but the welcome to Roosevelt today was shot through with a dramatic expectancy which long ago found popular expression in the typical phrase—"the return from Elba."

Entered as Second Class matter, March 26, 1904, at the Postoffice at Ada, Okla., under the Act of Congress of March 3, 1879.

That the republican party of the country has taken upon itself the important duty of exterminating socialism root and branch is made manifest by President Taft's recent utterances on the subject and during which he derided the followers of Karl Marx in no complimentary terms. Coming from so high a source the president's criticism of socialism is bound to have a profound effect throughout the country. His speech places the issue squarely before the people and it is not out of place to say that the republican party has done more to foster the very thing it now complains of than any other agency. While the president and leader of the G. O. P vociferates against the evils of the socialistic creed his followers in Oklahoma have from time to time fostered socialism. They have done so for self reasons to be true but their culpability is no less marked and deserves the reproach of all right thinking people. There is good reason to believe that the last campaign saw the republican state committee secretly financing the socialistic campaign in Oklahoma. They probably will try to repeat the performance this year and with what results remains to be seen. Socialism thriving on republican dollars may not appeal to the fair minded now that the president has spoken but the performances of the republican party in Oklahoma in this connection is surely a choice morsel for the gods.

"I will say that I am not, nor ever have been in favor of bringing about in any way the social and political equality of the white and black races; that I am not, nor ever have been, in favor of making voters or jurors of negroes, nor of qualifying them to hold office, nor to intermarry with white people, and I will say in addition to this that there is a physical difference between the white and black races which I believe will forever forbid the two races living together on terms of social and political equality, and inasmuch as they cannot live while they do remain together, there must be the position of superior and inferior, and I, as much as any other man, am in favor of giving the superior position assigned to the white race."

The above is a quotation from a speech delivered at Charleston, Ill., in 1858, by Abraham Lincoln. It is a democratic speech, but it was not made by a democrat. It is a speech made by a democrat. It is a speech by the greatest man the republican party ever had. It reflects the view of the negro held by the man who gave the slaves their freedom. It reflects the view of the negro race entertained today by the democracy of Oklahoma. It is the soul of that opinion on which the grandfather clause is founded. It proves that he advocates of negro disfranchisement are following the guiding spirit of Abraham Lincoln.

The Guthrie convention denounced the "Grandfather Clause." By so doing they denounced Abraham Lincoln. If Abraham Lincoln had been a member of the convention he would have been blessed from the hall and branded as a more incorrigible insurgent than Victor Murdock or Albert B. Cummins.

Fine Crops in Johnston County.

Wapanucka, Okla., June 18.—What is pronounced to be the greatest wheat and oat crop ever raised in this section of the state is now being harvested by the farmers. Wheat harvesting has been completed and the crop will average fully twenty bushels per acre. The binders are now moving down the golden oats fields of this great farming section and the work is attended with fine, fair weather. The oats crop is unusually large and will average from forty to 100 bushels. Many fields will make 100 bushels per acre.

The corn and cotton crops were never better and every thing points to a bumper harvest all along the line this year.

Some Government Which Received Document Have Requested Inform for Basis of Replies.

Washington, June 19.—Madriz has drawn from this government a sharp reply to the protest he made to President Taft claiming that the United States had prolonged the war in Nicaragua because it refused to allow the bombardment of Bluefields or to allow the Venus to maintain a blockade there.

Consul Olivares at Managua has been furnished with a statement which the consul has been directed to hand to Madriz. It tersely observes that if any violation of neutrality has occurred it was when the Venus sailed from New Orleans as an expedition of the Madriz faction.

Madriz protested not to the United States alone, but to all the South American and Central American republics. The statements which he set forth in his telegrams are construed by the state department as nothing less than an effort to place in a false light the policy which the United States has adopted in dealing with the Nicaraguan affairs.

Some of the governments which received his protest have asked for information from Washington upon which to base their replies, and there has been an exchange of telegrams between President Diaz of Mexico and President Taft.

President Diaz, it is explained, merely asked for information, and President Taft, replying in a cordial manner, sent to the government at the City of Mexico the same statement which consul Olivares has been directed to hand to Madriz.

Decision by Knox.
Secretary Knox immediately decided that the Madriz protest requested the special notice of this government because the allegations made evidently were founded on error as to the actual facts and the applicable principles of international law.

"A reply was demanded," an official statement issued today says, "because the United States would hesitate to allow to pass unchallenged a statement from any source which might tend to, however slight a degree, place its policy in a false light."

Statement Made Public.
The statement which Consul Olivares had been instructed to hand to Madriz, and which, in accordance with Secretary Knox's policy of keeping both factions informed of this government's attitude, has also been sent to the Estrada faction, and is as follows:

The policy of the United States remains as set forth in the Secretary of State's letter of Dec. 1, 1909, to Mr. Rodriguez, then Charge d'Affaires whereby relations with the Zelaya government were broken off. That letter and statement of the consistent applications of the same policy to conditions as they arose were duly published.

"As to the statements made in the telegram of Dr. Madriz to the president, the government of the United States took only the customary step of prohibiting bombardment or fighting by either faction within the unfortified and ungarrisoned commercial city of Bluefields, thus protecting the preponderating American and other foreign interests, just as the British commander had done at Greytown, where there are large British interests.

"The government of the United States has acknowledged the right of each faction to maintain blockade, but has refused to permit vessels illegally and clandestinely fitted out in American waters to interfere with American commerce.

"The government of the United States simply insists that each faction shall collect duties only for territory under its de facto control, and refuses to permit the collecting of double duties.

"If any violation of neutrality has occurred it was in connection with the sailing of the Venus from New Orleans as an expedition of the Madriz faction."

REVOLUTION THREATENED IN MEXICO

MEXICAN GOVERNMENT ALSO IS RUSHING MORE SOLDIERS TO CANANEA.

Anti-Diaz Man Says Yucatan Is Not Only Seat of Trouble.

El Paso, Tex., June 19.—A special to the Herald from Natchez, Ariz., says that sixty-three Mexicans were surrounded at a rendezvous in Cananea on Thursday night and marched to jail by troops. Nearly 100 rifles were seized. Cananea is where the Mexican revolutionary uprising occurred three years ago. Since that time 500 soldiers have been stationed at Cananea.

More troops now are en route from Hermosillo. The Cananea authorities declare they are coming to fight the forest fires in the Ojo mountains, but the troops already at Cananea are being used for that purpose.

A prominent anti-Diaz man at Natchez, Sonora, is quoted as saying: "Governor Torres had better keep his troops at Hermosillo; he will need them before the presidential election is over. Yucatan is not the only place where troops are needed in Mexico."

According to correspondents all the 30-30 rifles and ammunition on the border have been bought up quietly by unknown persons, and it is impossible to secure any on the border.

STATEHOOD BILLS PASSES HOUSE

President's Wishes Accorded to as Outlined by Speaker Cannon.

Washington, June 18.—With a single dissenting republican voice the house by a viva voce vote this afternoon accepted the senate statehood bill.

Most of the members were anxious to vote on this subject without any speech-making, although one hour's debate was permitted under the rules. A few republican and democratic speechmakers who hated to lose this opportunity to break into the congressional record were at times almost drowned out by the cries of "vote" that came from both sides of the chamber.

The republicans frankly admitted their fear that the bill would be smothered if sent to conference, and the democrats said that although the bill will not let the two territories into the Union in less than two and one-half years, they would vote for it as better than no statehood.

It is expected that President Taft will sign the bill Monday, and then the Governor, Chief Justice and Secretary of each Territory will appoint the territory for the election of 100 delegates to a constitutional convention, the election to be held within ninety days.

1,000 MILE PIPE LINE TO SUPPLY WEST TEXAS

Galveston, June 18.—A contract has been let for the construction of 1,000 miles of pipe line to supply natural gas from the oil fields in Webb county to the farms and ranches in nine different counties in west Texas.

The Producers' Oil company owns the oil field, embracing an area of four square miles. The gas will be carried from the field in pipes twelve inches in diameter, and the line will be granted to smaller pipes to supply consumers.

It will be used for power and lights to operate the irrigating plants and water mills and operate grinding machinery and other plants on the ranches and light the homes of the farmers. The line will run through Webb, Dimmitt, Duval, LaSalle, Baxas, Uvalde, and through the Pecos valley.

Small delay or registering stations will be constructed and the gas will be supplied at the rate of about 30 cents per thousand feet. The construction will cost \$400,000 and the company plans to eventually supply an area of 5,000 square miles with natural gas from the oil fields in this section.

Come Early.

LOCAL TELEPHONE SERVICE HAS BECOME ROTTEN

The kind of service lately handed a large number of the Ada customers of the Pioneer Telephone Co. is almost intolerable; especially when there isn't any recourse which could be resorted to by a gentleman, except a little inward cussing. One must—and always desires to be courteous to the hello-girls, who, under the enforced circumstances of the hardships of their labors, can do no better.

Should there not be some sort of organized effort among citizens, whose business requirements make a phone a necessity, looking to a betterment of the phone service?

Burglars Escape With \$3,600 In Stamps and -15 Cash.

Pryor, Okla., June 13.—Early this morning burglars entered the post-office at Pryor, blew open the safe and secured -3,600 in stamps and -15 in money, which they loaded into a spring wagon and fled to the hills east of the Grand river. They left their tools and a bottle of nitroglycerine in their haste and overlooked \$500 in currency in the safe.

A. C. Hadley, living near the post-office, saw one of the burglars and called to him, thinking it was a neighbor. Two revolver shots was the reply. A heavy rain blotted out the trail and rendered bloodhounds ineffective. A posse is out after the burglars.

HARD TASK TO STRAIGHTEN OSAGE GRAZING LEASES

Pawhuska, Ok., June 19.—The job of keeping the records straight on the Osage cattle leases of the Osage reservation is the hardest task of the department. Thousands of leases and sub-leases are made, so that it requires a general round-up each year to know who occupies the land and how much each grazer has in his possession. The work is now going on and the following letter is given publicity that the land holders may give assistance in helping the department check up.

The letter is published for the benefit of those who have leases as well as the department, that the holders may call on Mr. Haines and report the boundaries and other information as to their leases. Mr. Pitzer gives his public notice:

To whom it may concern: It is my desire to secure full information as to the present users of all grazing lands in the Hominy district of the Osage reservation, over which this office has jurisdiction, and the authority under which the occupants or users of the lands are grazing the same, either through leases filed in this office, subleases or otherwise. Particularly do I desire information from you as to the boundary lines of the pasture land being used by you.

MUSKOGEE TO ASK FOR WATER POWER ACT

Muskogee, Okla., June 18.—According to present plans of the business men of Muskogee, the next legislature will be asked to pass a special act permitting the city of Muskogee to vote a bond issue of \$600,000 for the purpose of building a dam in the Grand river and equipping a power plant to furnish cheap power to Muskogee and other towns.

A special act of the legislature is required, because with the present bonded indebtedness an additional bond issue of this amount would carry the amount slightly in excess of the limit allowed under the state laws without a special act of the legislature and a vote of the people of the city affected.

This plan is considered better than to permit a corporation to build the dam, because it would place the distribution and sale of power, and the price to be charged, in the hands of the city. A gravity water supply is another feature that is added to the possibilities of the dam plan.

NO FIGHTING IN CALIFORNIA

GOVERNOR GILLETTE CARRIES HIS POINT WITHOUT FORCE OF ARMS.

"On to Reno" is Now the Cry in the Camps of Both of the Big Fighters.

San Francisco, Cal., June 18.—"On to Reno" is the cry of the fight brigade. Convinced by the "postponement" of the Kaufman-Langford match that San Francisco definitely has been eliminated as a possible scene of the Jeffries-Johnson fight, positive announcement is expected tomorrow "that the battle of the century" will be fought in Nevada.

Tomorrow night at Reno Rickard will receive bids for the big contest from committees representing the rival cities of Reno, Goldfield and Ely. The city offering the most substantial fight inducement, he says, will secure the match and the winner will be immediately announced. It is generally understood, however, that Reno will be the choice. After his turbulent experience of the last few days, a calm appears to have settled over Rickard, and, breathing freely once more, he is inclined to jest about his troubles. "I think we are getting this championship into a safe port at last," he told the newspaper men today.

Fighters Awaiting Word. Both Jeffries and Johnson are awaiting the word to move. Preparations to break camp have been completed and on Monday morning the exodus of fighters and trainers from Ben Lomond and San Francisco is expected to begin. Tentative arrangements for training quarters at Reno already have been made for both Jeffries and Johnson.

The capitulation today of Louis Blot, promoter of the Langford-Kaufman contest, as a result of Gov. Gillette's orders to prevent the fight, has ended a stressful situation. Blot's determination to hold the fight, though short-lived, was fraught with exciting possibilities, involving the calling out of the militia, but despite the promoter's open defiance of the state's Chief Executive no serious importance has been attached to his warlike attitude and his "backdown" caused little surprise.

A big crowd surrounded Blot's arena this afternoon, curious to witness the "test of strength" between Blot and the authorities. Mounted police threaded their way among the throng and a detail of patrolmen managed to keep the sidewalks clear.

Blot Laid Peacefully Down. Blot stood at the entrance of his arena and greeted Adj. Gen. Lauck and Chief of Police Martin when they motored up to ascertain what was happening.

Neither Kaufman nor Langford appeared, however, and finally the crowd melted away. Blot persists in his assertion that the contest has been merely "postponed" until next Saturday in order to stage a minor boxing event, against the holding of which he hopes the governor will take action so that a contest case can be put up to the courts.

WILL CELEBRATE MISSISSIPPI DAY
Natives are Asked to Participate in Event—Vardaman and Gore to be Speakers.

Oklahoma City, June 20.—While no permanent organization has been effected, an effort is being made to bring all Mississippians in the state of Oklahoma together in Oklahoma City, Friday, July 1, when a banquet will be held at the Lee-Huckins hotel. The exercises of the day will be made by prominent Mississippians, active in public life, who have been invited to speak.

The chief speakers of the day will be James K. Vardaman, former governor of Mississippi and recently defeated for the United States Senate by John Shreve Williams, and Thomas P. Gore, United States senator from Oklahoma, who is a native of Mississippi. Speakers from Oklahoma City will be Judge C. B. Ames and Col. A. P. Watson, both Mississippians originally.

All Mississippi natives in the state are invited to participate in the celebration and banquet following at the hotel, which will be given in former Governor Vardaman's honor, and those not reached personally by the committee in charge are requested to notify Lawson W. Bagrude, 332 American National bank building, Oklahoma City so that proper reservations may be made.

Don't Delay. Let us show you the Dan-Hays addition today. Prices reasonable, terms easy—without interest.

THINK GEE DICK IS DEAD.

Fullbloods Stand in Awe of Aged Cherokee.

Muskogee, Ok., June 19.—When the G. A. R. veterans marched into the national cemetery at Fort Gibson on Memorial day, a little group of full blood Indians who stood under one of the magnificent trees in the cemetery drew back in terror, whispering among themselves:

"It is Gee Dick, the dead returns again to weep for the dead," they whispered.

In the ranks of the veterans marched two old Indians, full blood Cherokees. They were Gee Dick and Kansas Vann, sole survivors of the Cherokee Home Guards, the regiment of full bloods which was drafted at Ft. Gibson at the beginning of the Civil war and commanded by Colonel William A. Phillips, of Salina, Kas.

Gee Dick is 84 years old. He rode on horseback from his cabin near Hurlburt, Ok., to attend the memorial services at the national cemetery. Every year on the 30th of May he makes the trip and each year the full bloods who know his history whisper among themselves and shrink from him in fear.

It is the belief among the more ignorant Indians that Gee Dick died during the war and that it is his spirit that returns each year to decorate the graves of his comrades.

At the beginning of the Civil war Gee Dick enlisted in the Home Guards and fought for three years. One day in the third year of the war Gee Dick's regiment was in the Cherokee nation and Gee Dick left camp on a foraging expedition accompanied only by a young boy. They were pursued by a band of Cherokees wearing the Confederate gray and under Captain Maunich Morgan and took refuge in a log cabin. With only the assistance of the boy Gee Dick barricaded the cabin and held the improvised fort against the Confederates for several hours.

The Indians finding that they could not capture Gee Dick dragged an old wagon close to the cabin, filled it with straw and set fire to the straw hoping to burn Gee Dick out of his hiding place.

In one corner of the cabin Gee Dick found an old pick and with this he tunneled beneath the walls of the cabin and under the load of burning straw and he and the boy escaped under cover of the smoke.

The cabin burned and the Indians thought that Gee Dick had met death in the flames. When he next appeared they ran from him in terror and even now many of them believe that his ghost returns every year on memorial day.

MORE RAILROADS ARE BUILDING IN OKLAHOMA

Guthrie, Ok., June 19.—Work will be started on the Missouri, Oklahoma and Gulf extension north to Kansas City from Muskogee just as soon as the surveys are completed, according to a statement made by President William Kenefick of Kansas City, who with a party of French and New York bankers visited Oklahoma during the past week, and made an inspection of that portion of the road already in operation, and of the new bridge, which is being constructed across the Red River into Denison, Tex. The extension northward enters Joplin, Mo., and Pittsburg, Kan., penetrating the great zinc mining section of Missouri and the coal district of Kansas.

The Wichita Falls and Northwestern was completed last week into Elk City, giving the company a main line of 115 miles northwest from Wichita Falls, Tex. A branch road from Elk City to Wellington is being constructed. The contract for the grade work north from Elk City to Hammon, eighteen miles, has been let, the intention being to build a road northward to the Kansas state line. The contract has also been let for grading from Hollis, Ok., to Wellington, Tex., a distance of twenty-three miles.

It is announced that the Santa Fe, Liberal and Englewood company, chartered two years ago to build a northeast from Des Moines, N. M., across the Panhandle country to Oklahoma to Englewood, Kan., intends to resume construction operation in the near future. The road was originally promoted by N. A. Ensign of New York City, but the company has recently changed hands.

According to Oscar Ayres and W. T. Forsythe of Philadelphia, who have the promotion of the Arbuckle and Western road in hand, work on the construction will soon commence from Ardmore northwest to Chickasha. During the past week the stockholders of the road met at Ardmore and elected the following directors: R. A. Hefner, J. R. Pennington, J. A. Bivens, Sherman Jones, Oscar O. Ayres, Emory Ayres, W. O. Frye. The Arbuckles and Western is to be an interurban, the survey for which was completed last year. The road will pass through Woodford, Ok., within a short distance of the asphalt mines and at Mile a branch will be built to Duncan.

HON. WM. H. MURRAY GETS OVATION AT CORNISH

Makes a Two Hours Speech at Cornish, Which Was Well Received by Large Crowd.

Cornish, Ok., June 19.—Hon. William H. Murray, candidate for governor of Oklahoma, arrived here Friday morning at 11 o'clock in an automobile from Waurika. He was met by a band from Joiner City and escorted to the City Hotel, where he remained a part of the afternoon, after which he came to the business part of the city to meet old friends and make new ones, and where a grandstand had been erected for the occasion. Promptly at 2 o'clock, he was introduced by A. McCrory, who paid him a high tribute and commended him to the voters of Oklahoma as worthy the honor he might seek and especially fitted for the office of chief executive. After a two-hour speech, which was well accepted, he left in an automobile for Ryan.
